NATURAL SOLVE™

PRODUCT NUMBER 241

RESEARCH

Through R&D and field testing, KO Chemists combine creativity with technology to bring you products with the performance you require. Using our sophisticated KO lab we continually test new products, existing products, and our manufacturing processes for effectiveness and affordability. When a new product meets our requirements, it goes to a select group of end-users for real-world evaluation. Only after testing, evaluating, and re-testing is a KO product ready for distribution. We invite you to come and be a part of a winning solution.

PRODUCT DESCRIPTION:

Natural Solve is a unique blend of natural citrus based solvents and emulsifiers, which quickly penetrate to remove tough-to-get stains. This biodegradable formula is ideal for spot removal of oil or asphalt on cars, trucks, carpet, clothing, etc. Natural Solve is the choice for any job that calls for an environmentally safe product.

INSTRUCTIONS:

Product may be used straight or diluted with water up to 4:1, depending on the stain and the surface.

* Natural Solve may be incompatible with some painted surfaces. Test on a small inconspicuous area before using on entire surface.

CUSTOMER BENEFITS:

- Biodegradable formula.
- Quickly removes stubborn soils and stains.
- Super concentrated formula for economical use.
- Ideal for oil and grease removal.
- Will strip some paints.

Attention: Refer to our Material Safety Data Sheet regarding hazards, personal protection, and disposal of this product.
