PERFECT TOUCH

PRODUCT NUMBER 9463

RESEARCH

Through R&D and field testing, KO Chemists combine creativity with technology to bring you products with the performance you require. Using our sophisticated KO lab we continually test new products, existing products, and our manufacturing processes for effectiveness and affordability. When a new product meets our requirements, it goes to a select group of end-users for real-world evaluation. Only after testing, evaluating, and re-testing is a KO product ready for distribution. We invite you to come and be a part of a winning solution.

PRODUCT DESCRIPTION:

Perfect Touch was formulated to remove fresh stains and condition clear coats without the hassle of re-washing or rewaxing your car. Simply spray on and wipe off dust, pollen, hard water spots, bird droppings, fingerprints, and more. This product will not interfere with the painting process, so it is ideal for paint and body shops. Perfect Touch is EPA and California VOC compliant, Non-hazardous, and Non-flammable.

INSTRUCTIONS:

Apply directly to a cool surface and wipe clean with a soft terry towel. Work in small sections at a time and spread evenly until dry. In case product dries before wiping, reapply and wipe clean. This product is not recommended for heavy or gritty soils, as they will tend to scratch the surface's finish. **Do not allow product to freeze.**

CUSTOMER BENEFITS:

- EPA and California VOC compliant
- Non-flammable
- Non-hazardous
- Paintable
- Conditions and cleans without rewaxing or rewashing

Attention: Refer to our Material Safety Data Sheet regarding hazards, personal protection, and disposal of this product.
