KO MANUFACTURING INC.

INSTANT SHINE

PRODUCT NUMBER 9464

RESEARCH

Through R&D and field testing, KO Chemists combine creativity with technology to bring you products with the performance you require. Using our sophisticated KO lab we continually test new products, existing products, and our manufacturing processes for effectiveness and affordability.

When a new product meets our requirements, it goes to a select group of end-users for real-world evaluation. Only after testing, evaluating, and re-testing is a KO product ready for distribution. We invite you to come and be a part of a winning solution.

PRODUCT DESCRIPTION:

Instant Shine is an aerosol based silicone dressing that beautifies and protects tires, vinyl tops, and car interiors while leaving a long-lasting high shine. Contains an extra silicone additive that provides greater protection and a higher shine for exterior dressing in all weather conditions. Easy to use - just spray on and wipe!

INSTRUCTIONS:

Spray directly onto clean surfaces.

CUSTOMER BENEFITS:

Beautifies and protects treated surfaces.
Helps prevent cracking and dulling of surfaces.
No unpleasant odors.
Safe to use on most all surfaces.

Attention: Refer to our Material Safety Data Sheet regarding hazards, personal protection, and disposal of this product.
