KO MANUFACTURING INC.

INTERIOR CLEANER

PRODUCT NUMBER 9477

RESEARCH

Through R&D and field testing, KO Chemists combine creativity with technology to bring you products with the performance you require. Using our sophisticated KO lab we continually test new products, existing products, and our manufacturing processes for effectiveness and affordability.

When a new product meets our requirements, it goes to a select group of end-users for real-world evaluation. Only after testing, evaluating, and re-testing is a KO product ready for distribution. We invite you to come and be a part of a winning solution.

PRODUCT DESCRIPTION:

Interior Cleaner is an all-purpose aerosol cleaner that offers quick and effective cleaning of soiled home and auto upholstery, carpet, leather, vinyl, and nearly any other surface. Its powerful formula loosens, lifts and suspends soils and stains. It is the essential cleaner for the detail business and works fantastic with steam cleaners.

INSTRUCTIONS:

Apply directly to surface to be cleaned, let sit for 30 seconds to adsorb into surface, then wipe or scrub clean. For best results, use a steam cleaner after applying chemical. Wipe area with a dry towel after cleaning.

CUSTOMER BENEFITS:

Penetrates and removes hard to get soils and grease.
Convenience of an aerosol.
Biodegradable.

Attention: Refer to our Material Safety Data Sheet regarding hazards, personal protection, and disposal of this product.
