BUFF BRITE™

FORMULA 206

Citrus & phosphoric based aluminum brightener and cleaner

DESCRIPTION

For operators becoming increasingly concerned with issues regarding worker safety & equipment corrosion. Buff Brite™ is a revolutionary citric & phosphoric acid based aluminum cleaner and brightener with an unsurpassed blend of acids & surfactants that cleans and brightens aluminum. Buff Brite™ eliminates toxic concerns associated with hydrofluoric acid, enhancing your employees' safety and your company's future. Buff Brite™ replaces your existing hydrofluoric acid brightener and contains NO HF. It is also excellent as the first step in Two Step wash systems. Great on polished aluminum and wheels.

AT A GLANCE

- **Safer than traditional Aluminum Brighteners**
- **Biodegradable**
- **Fast and Easy Rinsing**
